## NAUTIZ X1

### BUILT TO SURVIVE

The Nautiz X1® is an ultra-rugged handheld that breaks through barriers of size, toughness and reliability. With its slim size and light weight it's our most compact data collector — but still boasts impressive ruggedness.

The Nautiz X1 is IP67-rated and meets stringent MIL-STD-810G military standards for withstanding humidity, drops and extreme temperatures. It is fully dust-tight and waterproof. The 4-inch capacitive touchscreen is sunlight-readable and scratch-resistant. This rugged handheld provides u-blox® GPS, connects to 802.11 b/g/n WLAN networks and is available in Windows or Android versions.

NEW!

## NAUTIZ X2

### RUGGED MOBILITY OPTIMIZED

The Nautiz X2® is a true all-in-one: a computer, a scanner, a camera and a phone.

You can easily accomplish all your daily tasks on the go with the power of an advanced quad-core processor and the easy-to-use Android OS. Then add a high-quality, high-speed 1-D/2-D scanner and integrated camera with autofocus and flash. And, to top it off, the Nautiz X2 has the kind of phone capabilities and voice quality you would expect from a consumer smartphone. Google GMS sets the Nautiz X2 apart from other enterprise handhelds allowing you to download apps from the Play Store and use Google Maps.

## NAUTIZ X3

### POCKET-SIZED POWERHOUSE

The Nautiz X3® takes the concept of “rugged and mobile” to a new level, measuring just 150x67x25mm and weighing only 260 grams. The IP65-rated Nautiz X3 features a high-speed 806 MHz XScale processor, 256 MB of SDRAM and 512 MB of Flash storage. It has a 3300 mAh Li-Ion battery and runs Windows Mobile 6.5.

Beyond being small, powerful and rugged, the Nautiz X3 has integrated 3G cellular capability a 3-megapixel camera, a 1D laser barcode scanner or an optional 2D imager. The Nautiz X3 even includes GPS for navigation, plus a g-sensor, an e-compass and an altimeter.

Windows  
or Android

## NAUTIZ X4

### WORK-READY, FIELD-TOUGH

Merging ultimate mobility with true field functionality, the Nautiz X4® rugged handheld was designed with fieldwork in mind — it's packed with features, it's compact and truly portable, and it offers a reliable computing solution for challenging worksite environments. The feature-rich Nautiz X4 runs either Windows or Android for ultimate versatility.

A valuable tool for warehousing, logistics, field service, public safety and similar sectors, the Nautiz X4 rugged handheld has connectivity options such as 3G and WLAN to keep you connected, everywhere and always.

Windows  
or Android

## NAUTIZ X8

### LEADING THE WAY

The Nautiz X8® ultra-rugged handheld features a high-speed dual-core processor and a battery that lasts up to 12 hours on a single charge. A choice of operating systems — Windows Embedded Handheld 6.5.3 or Android 4.2.2 — allows you to choose the most suitable platform.

Each detail of the Nautiz X8 is meticulously designed for field use. Its 4.7-inch high-brightness screen is the largest in its class, and you can operate the capacitive touchscreen using multi-finger gestures — the same way you use your personal smart devices.

Windows  
or Android

## NAUTIZ eTicket Pro II

### MOBILE TICKETING MADE EASY

A smart choice for electronic fare collection and ticket validation, the Nautiz eTicket Pro II® merges ultimate mobility with true field functionality. This rugged handheld is reliable and efficient for transactions and validations, designed specifically for transit workers. It's packed with features, it's compact and truly portable, and it offers a reliable computing solution for challenging worksite environments.

The built-in Arcontia smart card reader makes the Nautiz eTicket Pro II an extremely fast and accurate tool for contactless payment data collection.

## ALGIZ RT7 eTicket BEST-IN-CLASS MOBILE TICKETING

Perfectly ergonomic, seriously rugged, and ready for your mobile transit tasks, the 7-inch Algiz RT7 eTicket® offers unmatched mobile ticketing performance at an excellent value.

The premier choice for electronic mobile fare collection and ticket validation, the Algiz RT7 eTicket is a dependable and efficient tool designed specifically for transit workers — it's reliable, packed with features, lightweight and mobile.

The integrated Arcontia smart card reader makes the Algiz RT7 eTicket an extremely fast and dependable tool for contactless payment collection. The contactless electronic link between the card and the reader allows for the fast interface that is needed in security and payment systems.

Algiz RT7

Nautiz X2

## **ALGIZ RT7**

### **HEAVYWEIGHT FIELD PERFORMANCE**

The Algiz RT7® is a powerful, ultra-lightweight, easy-to-carry 7-inch tablet designed for reliable performance in demanding environments.

The Algiz RT7 runs Android 5.1.1 (Lollipop) while providing a range of features and exceptional value to mobile workforces. The beautiful capacitive display is made for use even in direct sunlight. Industry-leading technology and quad-core processor powers the Algiz RT7 for impressive speed, ultra-fast connectivity and long battery life. It boasts NFC functionality, an integrated GPS receiver, accelerometer, gyroscope, eCompass, dual cameras and dual SIM card slots, plus an optional dedicated barcode scanner.

## **ALGIZ 7**

### **SUPER-RUGGED, ULTRA-MOBILE**

The Algiz 7® is tough enough for the outdoors, but delivers office-computer versatility. It has a highly efficient and powerful processor and plenty of RAM, runs Windows 7 and has a clear 7-inch widescreen touch display with MaxView™ technology for spectacular brightness even in the sun.

The Algiz 7 features integrated GPS and built-in 3G modem – which means you'll be able to work with cellular carriers around the world.

## **ALGIZ 10X**

### **EXTREME FIELD PERFORMANCE**

The Algiz 10X®, available with Windows 7, 8.1 or 10, is an ultra-rugged tablet computer that operates on a powerful quad-core processor, with a 128 GB SSD and 4 GB of RAM. Its 10.1-inch touchscreen has the latest generation of MaxView™ technology, and the light sensor adjusts backlighting automatically — so collecting data in bright sunlight is no problem.

The Algiz 10X is slim and lightweight and built to withstand the harsh conditions that comes with fieldwork. It carries an IP65-rating and meets MIL-STD-810G military standards for withstanding dust, water, vibrations, drops, extreme temperatures.

This tablet has integrated LTE/3G modem, u-blox® GPS, and multiple connectivity options.

## **ALGIZ XRW**

### **THE ONE AND ONLY**

The fast and powerful Algiz XRW® ultra-rugged notebook has a compact design and weighs only 1.6 kg. It carries an IP65 rating and can withstand sand, dust, water, vibration, drops and extreme temperatures.

The Algiz XRW integrates GPS functionality, BT, WLAN and an optional 3G modem that can provide high-speed data transmission. The Algiz XRW has a 10.1-inch touchscreen with MaxView™ technology. It comes with a fast and powerful 1.6 GHz dual-core Intel Atom processor, a 128 GB solid state disk and 4 GB of RAM.
